VANSH VAISHNAV

JAVA DEVELOPER

Rau, Pithampur, Indore | 8815498781 | vanshvaishnav948@gmail.com | **LinkedIn:** https://www.linkedin.com/in/vansh-vaishnav-866b16311

EDUCATION

Year	Degree / Exam	Institute
2023–2027	B.Tech – Computer Science	Indore Institute of Science and Technology
2022	Senior Secondary XII (CBSE)	Pothens Public School
2020	Secondary X (CBSE)	Pothens Public School

TECHNICAL SKILLS

Language : Java (Core & Advanced), C, C++ | HTML, CSS, JavaScript, React | Spring Boot, Servlets, JSP | MySQL, JDBC | **CS Core :**OOP, DBMS, Computer Networks, Cyber Security **| Tools :**VS Code, IntelliJ idea, Eclipse, Postman **| Platform:** GitHub, LeetCode , GFG ,TUF ,IndiaBix, Oracle

INTERNSHIP

Java Programming Intern – CodSoft (March 2024)

- Solved real-world Java problems using OOP concepts, collections, and exception handling
- Improved code readability, debugging efficiency, and logical problem-solving skills

PROJECTS

Auto Silent App | Spring Boot, REST APIs, MySQL, React

- Developed RESTful APIs using Spring Boot for authentication, scheduling, and profile control
- Integrated MySQL database using JPA and tested APIs through Postman
- Automated device sound mode changes based on time and user-defined rules

Blood Donation Bank System | Java, Servlets, JSP, MySQL

- Built a full-stack web application to manage donor records and blood availability
- Implemented secure login, session handling, and role-based access for admin and users

Library Management System | Java, Swing, MySQL

- Designed a GUI-based desktop system with complete CRUD operations
- Handled book issue/return workflows using JDBC-based database connectivity

Car Rental System | Core Java, OOP

- Implemented vehicle booking, return, and billing logic using OOP principles
- Ensured modular structure, data validation, and exception handling

ACHIEVEMENTS & CERTIFICATIONS

- TCS CodeVita Season 13 – Global Rank 13,000 / 600,000+
- Smart India Hackathon – College-level selection
- Virtual Lab Program – IIT Delhi

SOFT SKILLS & CAREER GOAL

Problem-solving | Team leadership | Communication | Analytical thinking | Continuous learning |

Career Goal: To become a proficient Java Developer building scalable and reliable software systems
